But would be good for judges to let us know quality vs quantity

5 tricks each pass!

I think this gives the girls who may not have a ton of bangers, but a lot of tricks a chance to do well

But if there's a short course, it would be nice to know ahead of time that we should expect to get a certain number of tricks in.

I like the one run with falls. I'm open minded though!

I haven't been to an event yet that has a 2 run final for women. But I would like to see that happen. 2 runs, no falls. Best run wins. Consistency is key.

Makes things interesting, and gives the girls a chance to throw down

I don't have real strong opinions about this. Usually 1 run is good though. I don't think people are going for it more when they have 2 runs.

I think it is good the way it is now

I think that if you make finals, the prize money should at least cover your trip expenses. And if you podium, you should come out ahead. I think it's great that top 9 get a paycheck.

It gives us that extra practice!

I liked that format for this series - something different.
