DORNES

(12km – 16 min from Ferreira do Zêzere)

Dornes is a picturesque village where time stands still. An enchanting place to discover off the beaten track, located in the north zone of Castelo de Bode dam.

TOMAR

(17km – 19min)

Portugal has a whole city that has risen according to an esoteric plan. It is the city of Tomar, designed by Gualdim Pais, the most famous master of the Order of the Temple. Founded in 1160, Tomar was conceived according to the archetype of an initiating mentality, as the Polis, the Acropolis and the Pantheon. A visit to Convent of Christ is mandatory.

CASTLE OF ALMOUROL

(42km – 33min from Ferreira do Zêzere)

The Castle of Almourol is regarded as Portugal's most beautiful castle! Situated on a small cliffy island in the middle of the Tagus River, Almourol Castle is one of the most significant military Medieval monuments, which best evokes the memory of the Knights Templar in Portugal.

NAZARÉ BEACH

(93km – 1h09 min from Ferreira do Zêzere)

The once fishing village of Nazaré, a very popular beach resort in Portugal, became a worldwide phenomenon after the McNamara effect. On November 1st 2011, the Hawaiian surfer Garrett McNamara surfed a 78 feet (23,77 meters) wave during the ZON North Canyon Show in Praia do Norte beach, in Nazaré! Since then, Nazaré - or as the surfers call it, "Naza" - has caught the world's attention. But Nazaré is more than its incredibly big waves. It is a deeply fascinating destination with countless secrets to unveil.

SUPPORT THE LOCAL VOLUNTEER FIREFIGHTERS

In Portugal, many are unaware that our fire departments primarily consist of dedicated volunteers. These brave souls don't ask for a paycheck. They're driven by a profound sense of duty to their community. However, their voluntary nature doesn't mean they're without needs. They rely on community support, donations, and fundraising to acquire essential equipment, maintain their infrastructure, and receive adequate training.
