

Double Elimination, Head to Head

I. Overview

- Gives every rider at least two opportunities to compete.
- Every rider begins the competition in the Winners Bracket.

II. Winners Bracket

- Riders who advance from their heats remain in the Winners Bracket.
- Riders who continue winning advance directly toward the finals.
- A rider's first loss does not eliminate them from the competition.

III. Loser Bracket

- If a rider does not advance from their first heat, they move into the Loser Bracket.
- Riders continue competing through the Loser Bracket for an opportunity to work their way back toward the championship.
- A rider is eliminated from the contest after receiving their second loss.

IV. Championship Opportunity

- Riders who remain undefeated in the Winners Bracket advance toward the championship round.
- Riders in the Loser Bracket have the opportunity to battle their way back for a chance to compete in the championship round.

V. Benefits of the Format

- Rewards riders for consistency throughout the competition.
- Allows riders to recover from one missed pass, fall, or mistake.
- Creates a fair and exciting competition for both riders and spectators.
- Guarantees every rider at least two chances to ride.

*Riders will be given 2 runs each in the qualifying rounds and 1 run each for finals. Heats will be run over multiple days.

The Pro Park division will run under the traditional WWA format. If time allows, the Double Elimination Head to Head format will be used for Pro Park as well.
